

OBITUARY NOTICE

We regret to hear of the death after a long illness of R. Adey Moore Esq. in Bangkok. Mr. Adey Moore had been associated with the Thailand Research Society in the capacity of Honorary Secretary for a long period; and it was upon the termination of his fifteen years' service as such that fellow members of the Council prepared a memento in the form of a silver niello cigar box of Thai workmanship, though unfortunately the presentation was unavoidably delayed until it was no longer possible to do so. It was a fact recognised by all his colleagues on the Council that his tenure of the Hon. Secretary's post was efficient and businesslike, while his love and wide knowledge of books enabled him to give much useful advice to the Council.
