YAO DESIGN
by Jacqueline Butler

Miss Butler as a Peace Corps volunteer spent her time collecting and studying the traditional embroidery patterns of the Yao tribeswomen. She has written the only authoritative text on the subject.

The volume has 16 pages of line colour of the actual designs and 14 full colour photographic illustrations. The cover is clothbound with a Yao design picked out on the front. There are 14 pages of text. The volume is rather larger than most Siam Society publications in size, being 8" × 10\frac{1}{4}".

Most banks offer the same services. But not many are like The Chartered. For when you bank with The Chartered you are confident in the knowledge you are dealing with a bank that has branches and correspondents world-wide. And that's a good feeling.
TWA presents
the 747 flightseeing tour to New York.

Any airline that can afford the 747 has one.

But what makes TWA's 747 so different from the others, is her interior.

That's because we asked thousands of our passengers what they wanted in a plane before we spent 25 million dollars building one.

And what you wanted was comfort. So we put fewer seats in our 747 than any other major airline. Which means more headroom, more legroom, wider aisles than ever before.

We put in seven kitchens so you can eat when you want to.

We added more hostesses too. To look after you and for you to look at.

And if that isn't enough, we offer you a choice of two different movies to watch.

And we put in a computerized navigational system similar to the one that guided the Apollo spacecraft to the moon. But not because we were asked to.

Then we built Flight Wing One at Kennedy Airport. It's the only terminal in the world specially designed to handle the 747's. We even have our own private facilities to speed you through Customs and Immigration.

So the next time you fly to New York, fly TWA's 747. There's so much more to see and do, that once you leave your seat, you may even end up walking to New York.

The airline of America to America.

For supreme occasions
The Regent Room

Travertine marble floors, Louis Quinze chairs. Exquisitely elegant chandeliers. Breathtaking mirrors. Noble crystal. Take all of these. Let the design flair of Baron Francois Duhan de Berenx combine them after the grand manner of the Palais Versailles and the Court of St. James, add the gastronomic virtuosity of Gerard Musset, and place them overlooking a torchlit courtyard terrace beside the River of Kings. The result is The Oriental's sumptuous new locale for select banquets and intimate receptions. For those most important of occasions when only superlative standards of fastidious perfection in surroundings and service can possibly be good enough. We bring you, with pride, The Regent Room.
