The Siam Society was founded in 1904, under the patronage of His Majesty the King, as an organization for those interested in the artistic, scientific and other cultural affairs of Thailand and neighbouring countries. The Society maintains an excellent Library, which is at the disposal of Members and visitors. The Society publishes the semi-annual *Journal of the Siam Society*, in addition to occasional works of topical interest and scholarly merit. The Society sponsors a programme of lectures and artistic performances, and regularly conducts excursions to places of archeological and cultural interest in Thailand and abroad. The Kamthieng House on the grounds of the Society’s home provides an example of a traditional northern Thai house with artefacts of rural life, and superb collections of woven materials and wood carvings.

The Natural History Section of the Siam Society, which was organized in 1913, sponsors its own programme of lectures and excursions to places of natural interest, and concerns itself with the conservation of Thai wildlife and flora. The Natural History Section publishes the annual *Natural History Bulletin of the Siam Society*, as well as occasional works of scientific interest.

**MEMBERSHIP:** The Society welcomes new Members, resident in Thailand or abroad, on the following bases:

Ordinary Members enjoy the same privileges, except they do not receive subscriptions to the *Journal* and *Bulletin*. In addition, all members resident in Thailand receive the *Monthly Programme*, and the *Annual Report of the Siam Society* which is issued in advance of the Annual General Meeting.

**STUDENT MEMBERSHIP** is a special category offered to local students only, and carries the same privileges as Ordinary Membership.

**SUBSCRIPTIONS** to the *Journal of the Siam Society* and the *Natural History Bulletin of the Siam Society* are available independently of membership at the following rates:
