The Siam Society was founded in 1904, under the patronage of His Majesty the King, as an organization for those interested in the artistic, scientific and other cultural affairs of Thailand and neighbouring countries. The Society maintains an excellent Library, which is at the disposal of Members and visitors. The Society publishes the semi-annual *Journal of the Siam Society*, in addition to occasional works of topical interest and scholarly merit. The Society sponsors a programme of lectures and artistic performances, and regularly conducts excursions to places of archeological and cultural interest in Thailand and abroad. The Kamthieng House on the grounds of the Society’s home provides an example of a traditional northern Thai house with artefacts of rural life, and superb collections of woven materials and wood carvings.

The Natural History Section of the Siam Society, which was organized in 1913, sponsors its own programme of lectures and excursions to places of natural interest, and concerns itself with the conservation of Thai wildlife and flora. The Natural History Section publishes the annual *Natural History Bulletin of the Siam Society*, as well as occasional works of scientific interest.
