The Siam Society

The Siam Society, under Royal Patronage, is one of Thailand’s oldest and most active learned organisations. The object of the Society is to investigate and to encourage the arts and sciences in Thailand and neighbouring countries.

Since the Society established its Journal in 1904, it has become one of the leading scholarly publications in South-East Asia. The Journal is international in outlook, carrying original articles of enduring value in English. The Society also publishes its Natural History Bulletin.

Since its inception, the Society has amassed monographs, journals, and material of scholarly interest on Thailand and its neighbours. The Society’s library, open to members, has one of the best research collections in the region.

Information is given at the end of the volume on how to become a member for those interested in Society’s library, lectures, tours, publications and other benefits.
